VAT COMPLIANT

The IRIS 60 digital mailing system with built in scale is ideal for the small business or home office that sends upwards of 5 letters or parcels per day. It will give you exact postage every time as well as savings, convenience and efficiency.

Savings

Using a Mailmark™ franking machine, you have access to the lowest franking prices from Royal Mail.

Convenience

Refill postage in one easy step with Postage By Phone®. No more trips to the Post Office to buy stamps.

Efficiency

Update postage rates automatically to ensure accurate postage.

The Benefits of Mailmark™

The IRIS 60 is Mailmark™ compliant. The Mailing Room customers have access to all the numerous features and benefits that Mailmark™ can offer, such as:

- Automated tariff updates eliminate surcharges
- Cost-saving benefits and extra discounts compared to current franked mail
- Mailmark™ compliant machines are network connected for faster and more frequent downloads
- Print your own Prepay Reply envelopes
- Improve your mail presentation with promotional messages
- Enhanced Postage Reporting via InView™
- Mailmark™ compliant systems will always update to any Royal Mail developments

If you would like to find out more about our range of products and how Postal and Data Systems UK could benefit your organisation, please get in touch.

Are you making do with obsolete technology?

Our extensive Iris product range ensures we have a franking machine solution to suit everyone's needs from small to medium companies or those with several locations producing high volume mail.

Savings / Value for money / Reliability / Full colour option

Specifications

Dimensions: 351mm long x 264mm deep x 231mm height

Weight: 4kg (with integrated scale)

Electrical: 220-240 VAC, 50/60Hz 0.25A

Product Benefits

- Integrated scale calculates the correct postage - never guess or overpay again
- Avoid time consuming trips to the post office - frank mail from your office, 24 hours a day
- Access all Royal Mail UK and overseas postage rates at the touch of a button
- Project a professional image for your business, five preloaded advertising slogans included
- Postage funds remain secure, protected by PIN code
- Prints postage for all envelope and package sizes
- Accounting for up to 10 departments, allowing postage class and spend to be tracked
- Ability to access postage data via In View,™ online postage reporting
- Date and Time Stamp ensures incoming mail is handled efficiently
- Text Entry, add personalised messages to every letter
- Manual weight entry, enter common weights for exact postage costs

Monitor Costs

InView, our web-based, easy to use, reporting feature allows you to:

- Have visibility of your postage expenditure by class and format
- Extract information and present simple graphical analysis
- Monitor spending to identify waste e.g. overuse of first class or large letter format

Connectivity

The IRIS 60 is Mailmark™ compliant. Your system should be connected via a network or WiFi to allow for automated updates and data uploads to Royal Mail (as per the Royal Mail Franking Scheme). Analogue telephone connections are no longer suitable for Mailmark™ systems. An alternative connection is available through a PC. However, this method does not allow automated updates.

Maintenance Cover

A valid maintenance service contract on your franking machines is a prerequisite of ensuring you are able to retain your Royal Mail license to frank letters. The Mailing Room are a Royal Mail authorised maintainer and repairer for franking machines to ensure you have zero downtime for your postal system through our experienced trained technicians.
