

ORA 700

Optimise efficiency. Ensure quality.

Intelligent high performance modular mailing system

Dynamic businesses count on smart productivity tools to do more than simply move the mail. Neopost's ORA 700 takes mail processing to a new level of intelligence and delivers productivity at its best.

With state-of-the-art technology and myneopost online services under your control, you'll have the best-in-class solution to meet your demanding mail room needs. Easy to use, the highly capable ORA 700 with whisper quiet operation is fast and efficient. Improving productivity, providing cost control with added reliability the IN-700 will enhance business opportunities and objectives in organisations where mail handling must be optimised.

- Colour touchscreen control panel
- Simple, reliable, accurate operation
- Mixed-mail feeding and weighing
- myneopost online mail management
- Best-in-class accounting options

Mixed mail feeder

- Eliminates the need for pre-sorting mail by size – helping to reduce operational costs.
- Processes & seals up to 150 letters per minute.

Pricing your mail

- In-line weighing automatically prices post by calculating size, thickness & weight up to 1kg.
- An accurate weighing platform reduces costly stamping errors and improves reliability of your mail deliveries.

Full colour touchscreen control

- Intuitive and easy to use with no specialised training required.
- The fail safe rate wizard helps eliminate the wrong postage being selected so you never spend more on post than you need to.

Designing the Most Ecological Solutions
The ORA 700 carries the eco-label – proof of our commitment to eco-design our products.

If you would like to find out more about our range of products and how Postal and Data Systems UK could benefit your organisation, please get in touch.

The ideal office companion

Our extensive ORA product range ensures we have a franking machine solution to suit everyone's needs from small to medium companies or those with several locations producing high volume mail.

Savings / Value for money / Reliability / Full colour option

Customers have also chosen the DS-75 with the ORA 700

By using a folder inserter, you eliminate manual folding and inserting of documents into envelopes. The DS-75 folder inserter is able to quickly and automatically process all standard mail management services as well as direct marketing applications.

Maintenance cover

A valid maintenance service contract on your franking machines is a prerequisite of ensuring you are able to retain your Royal Mail license to frank letters. The Mailing Room are a Royal Mail authorised maintainer and repairer for franking machines to ensure you have zero downtime for your postal system through our experienced trained technicians.
